

## Feedback on IBPS Special Coaching

(10<sup>th</sup> Nov 2014 to 14<sup>th</sup> Nov 2014  
at Dist. Employment Exchange, Barasat)

Feedback regarding the efficiency of teaching of the particular teachers:-

I (Sushmita Bhattacharya) one among many of your students of your coaching class. Though I didn't have much experience but still these few days almost 3-4 days it is observed that the teaching of the tutorial is no doubt upto the level. Particularly the teachers are trying their best to input lessons very well. They do not bother if the students ask them again and again to make them follow. They try to convince very easily and teach properly so that we can learn and produce the lessons in practise. Frankly speaking I am improving and developing more than before. In the case of G.K, G.I and overall Miss Indrani maam is a great mentor no doubt. Our maths sir and Miss Sharmistha maam of English section and the computer ~~maam~~ teaches us properly, carefully and skillfully. Above all we are very satisfy and obliged. As the teachings is up to the mark.

Yours faithfully
